PROJECTS

MY Folio as Financial analyst

- Here is the link of my folio in which there are some projects of financial modelling :- <https://invact.com/lakshaykaushik01Z>

MarketCube (05/2021 - 05/2021)

- Marketcube is an eCommerce and marketplace solution for a wide range of clients, from multi-million dollar companies to small marketplace startups and enabling the most efficient and scalable way to source products by providing the concept of multiple Operators and their multiple vendors for one or many stores of partners like Shopify.

Zombie Army 4 (05/2021 - 12/2021)

- It is a RPG game in which we have to save the world from zombies. My role was to test the game, find the bugs and blockers present in it and inform it to the developers
